

VINTAGE DESIGNS

PRODUCTION KILN

At Terra Products, we are invested in bringing you the very best. That's why you will only find these from us. This style is made in only one kiln in the whole world and we have designed and own the molds.

Above: The mother mold of our mason jar planter.

To the left: The Dragon Kiln. This style of kiln allows for pottery pieces to be fired inside tunnels using wood. Known as a Dragon Kiln, it is on a slope to get maximum efficiency from the heat as it rises. Pottery can be placed on the mesh above to dry out prior to firing.
